INFORMATION DISCLOSURE STATEMENT

Honorable Commissioner of Patents
and Trademarks
Washington, D. C. 20231

October 4, 1985

Sir:

Applicants respectfully submit that the most relevant prior art of which they are aware is cited in the second paragraph on page 1 of the specification, under "Background". Of the citations in that paragraph, European Application 0,005,129 corresponds to documents AA, AC and AD on the accompanying Form PTO-1449. British Patent Application 2,082,580 corresponds with document AB.

A copy of each of the documents cited on Form PTO-1449 is submitted herewith. Kindly make each of these documents of record in the prosecution of the subject application.

The subject application is distinguished by the fluoro-substitution of the alkoxy group or of the alkylendioxy

#4
10-8-85

Serial No. 748,591

group; no prior art compound (in the context of Applicants' invention) has a pyridine ring substituted with two alkoxy groups.

Kindly make each of these citations of record in the subject prosecution.

Respectfully submitted,

BERMAN, AISENBERG & PLATT

A handwritten signature in dark ink, appearing to read 'Irwin M. Aisenberg', written over the printed name.
